Dashboard Competition – Participant Guidelines

1. Competition Overview

- The Dashboard Competition is designed to evaluate participants' ability to analyze a given dataset, extract meaningful insights, and present findings through an effective, interactive, and visually compelling dashboard.
- Participants are expected to demonstrate:
 - Analytical thinking
 - Technical competency
 - Creativity and originality
 - Effective storytelling through data visualization
 - Ethical and professional conduct

2. Competition Schedule

- **Registration & Seating:** Participants must be present at the venue by 8:30 a.m.
- **Competition Start Time:** 9:00 a.m.
- **Dashboard Development Time:** 3.5 hours
- **Final Submission Deadline:** All submissions must be completed before the official closing time. Late submissions will not be accepted under any circumstances.

3. Team Participation

- Participants must work only with their officially registered team members.
- Collaboration between different teams is strictly prohibited

- Each team is responsible for managing time, assigning roles, and ensuring successful submission.

4. Permitted Tools & Resources

- The competition is open-book, allowing participants to refer to:
 - Online resources
 - Documentation
 - Tutorials
 - Notes
- Participants may use any dashboard development platform or software (e.g., Power BI, Tableau, Python, R, Excel, etc.).
- AI tools are permitted up to a maximum of 40% usage in the overall development process.
- Participants must fully understand and be able to explain all code, calculations, visualizations, and dashboard logic used.

5. AI Usage Policy

- AI assistance may be used only as a support tool.
- Over-reliance on AI-generated outputs may lead to scrutiny.
- All submitted scripts/code may be reviewed for compliance.
- Teams may be questioned regarding:
 - Code logic
 - Dashboard structure
 - Calculations
 - Data transformation steps
 - Failure to explain submitted work may negatively impact evaluation.

Due to system maintenance and technical arrangements, Wi-Fi/internet access will not be provided during the competition. Participants are kindly requested to arrange their own network access (e.g., mobile hotspot/router/mobile data).

Extension cords/multi-plugs will be provided to facilitate the competition. However, participants are encouraged to bring their own extensions as well for convenience.

6. Dashboard Development Expectations

- Participants should aim to create dashboards that are:
 - Insightful and data-driven
 - Visually appealing and professional
 - Interactive and user-friendly
 - Accurate and technically sound
 - Original in design and interpretation

7. Submission Requirements

- Each team must submit one single folder containing:
 - Dashboard code/scripts
 - Published dashboard link
- Important:
 - Ensure the dashboard link is accessible and functional.
 - Ensure all files are properly named and organized.

- Incomplete submissions may lose marks.
- Multiple submissions may not be considered unless instructed.

8. Ethical Guidelines

- Participants must:
 - Use data responsibly
 - Avoid plagiarism
 - Maintain originality
 - Follow fair competition practices
 - Refrain from copying existing dashboards or templates excessively
- Any unethical behavior may result in disqualification.

9. Important Reminders

- Save work frequently.
- Manage time carefully.
- Prioritize functionality before advanced styling.
- Test dashboard filters and links before submission.
- Ensure all team members understand the final output.
- Keep backup copies of all files.

10. Disqualification Conditions

- Participants or teams may be disqualified for:
 - Late submission
 - Rule violations
 - Excessive unauthorized AI use
 - Plagiarism
 - Cross-team collaboration
 - Submission of inaccessible dashboards
 - Unethical conduct

11. Final Advice

- Success in this competition depends on balancing :
Insight + Design + Functionality + Originality + Explainability
- Focus on creating a dashboard that is :
Clear, impactful, technically sound, and easy to defend before judges.

Best of Luck to All Participants!

We encourage all teams to approach the challenge with creativity, professionalism, and confidence.
